

## Thank you from *Javelina Nation*

The 2019-2020 academic year started strong - with a vibrant campus, in-person classes and a clear vision for the future. As our students prepare for next year, we are faced with a new set of challenges and uncertainty.

**But thanks to donors like you, our students have one less thing to worry about. We cannot thank you enough for your support, it means more now than ever.**

You are making a difference and our students want you to know how much it means to them. Below is a special note of appreciation on behalf of your scholarship recipient(s) from 2019-2020.

### Student Thank You Letters submitted Fall 2019 from American Petroleum Institute Scholarship Recipients:

From: Michael ~~Cantu~~

I am greatly appreciative to have received this scholarship. Without it, I would have been under great financial strain. Because of this scholarship, I chose to come to Kingsville where I am about to graduate a Chemical Engineer. I had the opportunity to travel to different states and complete a couple of internships during my summers in college. I have gotten to know many of my professors on a deeper level than if I would have been at any other university. I am very thankful for your contribution and owe a great deal of my accomplishments and opportunities to you. Thank you.

From: Claudia ~~Flores~~

To those who chose to award me this scholarship, I am so very grateful. It is so generous of the American Petroleum Institute to provide a scholarship for us students, and I am very humbled by the honor of receiving it. Your contribution to my education will not be forgotten. This scholarship will allow me one large step closer to completing my degree and entering the workforce, where I plan on contributing my all to the industry. Your generosity has inspired me to help others and give back to the community. I hope one day I will be able to help students achieve their goals just as you have helped me. Thank you again.

From: Heather ~~Dunn~~

Thank you for contributing toward the American Petroleum Institute Scholarship, which will drastically help fund, my education. It is an honor to receive this prestigious scholarship based on academics, extracurricular activities, and community service. It allows me to fund my education and allows my parents to focus on retirement saving instead of helping me get through college financially. I enjoy the independence this provides me.
